Aston

Design Classic Faux Leather
The perfect shade for every need

Celebrating 25 years in the market. Still the original and the best!

For 25 years, Aston Faux Leather has set the standard in contract interiors—delivering unbeatable durability, timeless style, and trusted performance.

Now tested to over 1 million Martindale rubs, Aston is the ultimate high-performance vinyl for hospitality, healthcare, marine, and workplace environments. Waterproof, superior stain resistance with Acryltron™ protective coating, ShieldPlus™ antimicrobial, IMO certified, and inherently flame-retardant, Aston is engineered to go the distance.

To mark this milestone, we're introducing 100 stunning colourways, a vibrant evolution of a design classic. From bold accents to tonal gradients, each shade has been carefully curated to flow seamlessly from one to the next, allowing designers to craft harmonious, colour-rich interiors with ease.

Still the original. Still the best. Now in every colour you could ever need.

Technical Features Flame Retardant, Waterproof, ShieldPlus™ Antimicrobial, Superior Stain Resistance with Acryltron™ Protective Coating, Outdoor / Indoor
Environmental REACH Compliant, Phthalate Free, Latex Free, Heavy Metals Free, Vegan Friendly

- Care Instructions**
- Wipe clean routinely with a microfibre cloth lightly dampened with cold water only and then dry with a clean absorbent cloth
 - Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining.
 - If soiling has accumulated use a mild proprietary cleaner (non-alkaline). Take care to remove all soap residues and dry with a clean absorbent cloth.
 - Remove body fluids and extreme soiling immediately (within 15 minutes) with cold water then apply approved infection control protocol. Haz-Tabs, Chlor Clean, Acti-Chlor, Clinnell Universal Wipes and Panaz Shield Plus. As the concentration of bleach can vary greatly among proprietary brands we recommend these be avoided but in extreme circumstances, a 10% chlorine bleach solution may be used. Remove product residues and then dry with clean absorbent cloth.
 - Do not fully immerse in water.
 - Do not tumble dry.
 - Do not dry clean.
 - Do not steam clean - heat seals in stains.
 - Do not apply solvents, alcohol or any other chemical cleaners.
 - Note dyes and pigments from indigo jeans, ball point and felt tip pens may permanently stain.

- 1 Antimicrobial ShieldPlus™ Protection permanently inhibits the broadest spectrum of microbes (even C diff spore) and prevents nasty odours.
- 2 Acryltron™affording exceptional, improved resistance to cleaning chemicals.
- 3 Polyurethane coating - For durability and stain resistance.
- 4 PVC Core - For core strength and durability.
- 5 Substrate - High performance substrate providing a solid foundation.
